

The mission of the Leibniz Centre for Agricultural Landscape Research (ZALF) as a nationally and internationally active research institute is to deliver solutions for an ecologically, economically and socially sustainable agriculture – together with society. ZALF is a member of the Leibniz Association and is located in Müncheberg (approx. 35 minutes by regional train from Berlin-Lichtenberg). It also maintains a research station with further locations in Dedelow and Paulinenaue.

TREES research project on “Forest Landscape Restoration and Governance in the Forest sector in the tropics” - Country Package: Ethiopia, Togo, and Madagascar”, coordinated by ZALF working group SusLAND (Sustainable Land Use in Developing Countries), aims to provide scientific advice to GIZ (the German international cooperation organization) in its activities of forest landscape restoration and good governance in the forest sector.

We are offering a part-time position (60 hours/month) from 01.01.2022 until 30.09.2022 (with option of extension) at our location in Müncheberg as a
