

# THINK TANK ERUKA

## UKRAINIAN EMPOWERMENT AND RESILIENCE NETWORK

**Think Tank ERUKA** is an *umbrella for partnerships* uniting researchers, experts and practitioners to promote:

- Ukrainian academia in the field of socio-ecological reconstruction and restoration.
- Broader connectivity and extensive practical cooperation.
- Development of joint projects, policy recommendations and strategies.

### Key topics for cooperation:

- Socio-ecological management and restoration of **degraded ecosystems**.
- Socio-ecological transformation towards an independent **energy** supply.
- Empowerment of **students** in decision-making processes for socio-ecological **forest management**.
- Challenges and opportunities for **academic education** in 21st century.
